SBER MED AI

Cookies policy

In this section, you can find information about how SberMedAI LLC processes data collected through the use of visitors to this website.

By continuing to browse this website you consent to the automated processing of your personal data (cookies, information about the user's activity on the website, information about the user's equipment, date and time of the session) by SberMedAI LLC (121205, Russian Federation, Moscow, the premises of the Skolkovo Innovation Center, Bolshoy Boulevard, 30, building 1, floor/office/workplace 2/225/225-5), including through the use of Yandex.Metrika, Google Analytics, Firebas Google, Tune, Amplitude, Segmento, involving the following actions: collection, recording, systematization, accumulation, storage, rectification (updating, changing), extraction, use, depersonalization, blocking, deletion, destruction, transfer (provision, access), including cross-border one, to partners of SberMedAI LLC that provide services on the said metric programs. The personal data are processed in order to improve the website, improve the products and services of SberMedAI LLC, identify user preferences, provide targeted information on the products and services of SberMedAI LLC.

This consent shall be valid from the moment it is given and for the entire period of use of the website or until the purpose of personal data processing is achieved.

If I refuse to have my personal data processed by the metrics programs, I am informed that I should stop browsing this site or disable cookies in my browser settings. However, such a refusal may affect the correct operation of our website.

What are cookies?

A cookie is a small text file that a website stores on your computer or mobile device when you browse a website. Cookies reflect your preferences or actions on the website, as well as information about the user's hardware, date and time of the session. The cookies are stored locally on your computer or mobile device. If you wish, you can delete stored cookies in your browser settings.

How do we use your cookies?

Cookies are used by SberMedAI LLC to improve the website.

Information about the actions of website users are processed to improve the products and services of SberMedAI LLC, identify user preferences, and provide targeted information about the products and services of SberMedAI LLC.

How do we handle your cookies?

Our website processes the received data, including with the use of metrics programs such as Yandex.Metrika, Google Analytics, Firebas Google, Tune, Amplitude, Segmento, and Sbermarketing.

What types of cookies do we use?

Session cookies

Exist only in temporary memory during the time the user is on the website page. Browsers usually delete session cookies after you close a website window. Session cookies allow the website to remember information about your choices on a previous website (page) to avoid having to re-enter the information.

Persistent cookies

Cookies that are stored on your computer and are not deleted when you close your browser. Persistent cookies can save user preferences for a particular website, making it possible to use those preferences in future browsing sessions.

These cookies allow you to be identified as a unique website user and, when you return to the website, help recall information about you and past actions.

Statistical cookies

Include information about how you use the website. For example, what pages you visit, what links you click. The main purpose of such cookies is to improve the functions of the website.

Mandatory cookies

A minimum set of cookies, the use of which is necessary for the correct operation of the website.

How can I opt out of processing the cookies?

You can opt out of processing the cookies in your browser settings. In this case, our website will only use cookies that are strictly necessary for the operation of the website and the services it offers.
